Should 80 Million Germans Be Destroyed ?

Open Letter to the President of the United States of America Now Inside Germany

President Harry Truman
The White House
Dear Sir:

For nearly three months— ever since V E Day—30 million American citizens of German ancestry have been manifesting a typical German attitude of patience and silent submission toward the officials put in charge of bringing order out of the European chaos, where hunger and famine, especially in Germany, is staring everybody in the face.

This patience and endurance is all the more notable since for twelve long years past they have been injured and humiliated and conspired against by an impudent but cunning entrenched one fortieth minority of our population which imagines that by reason of its control over our newspapers and other informative agencies it will be able to induce the Allied nations to restore to them the wealth which prior to the second world war the German government took away from their race on the ground that this race itself had originally taken that wealth from the German people by extortion and usury.

Recognizing that the main obstacle to this recovery by them of their ill-gotten plunder is to be found in the voting power which, after all, cannot be taken away from our American citizens of German ancestry, this one fortieth minority laid its plans years ago and commenced by subjecting its fellow citizens of German ancestry to an illegal boycott; and is now carrying its campaign to the point of howling for the utter extirpation of the German race amid a chaos and confusion such as the world has never previously witnessed.

In the face of this latest development the **30 million American citizens of German ancestry are at last coming to the conclusion that patience has long since ceased to be a virtue** and are deciding that they will be patient no more—that they will be silent & inactive no more—that they will be racially and politically disunited no more— but that, on the coutrary, they will now take steps in common to use in common— and for the common and general welfare of these United States the political and commercial power which, as a matter of fact, they still possess, in the United States, in far greater quantity than even the Jew has yet accumulated— and in infinitely greater goodness of intention than at the present outlook is inspiring the Jew in his use of the power which he does possess.

In taking this course, our citizens of German ancestry are actuated not only by the instinct of individual self-preservation, but also by a desire to preserve from ruin this great Republic to whose enlargement and enrichment and advancement undeniably notable contributions have been made, from the very founding of the Republic, by previous American citizens of German ancestry or German birth; and from this point of view, they conceive that they are entitled to receive commendation rather than censure when they demand the immediate putting into operation of the following program.

1. Restoration of postal service with Germany—to the end that food packages, clothing and money can at once be sent to Germany, through the mails, by any and all persons sufficiently humane to do so, whether or no relating to the person thus made the object of their solicitude and human decency.

2. Encouragement and assistance of the German people to resume all occupation necessary to the supplying of themselves and their families not only with the necessaries of life, but also with those adornments of life which, as accessories to human existence, contribute so greatly to the happiness of individuals, in accord with their individual taste, and also render essential contribution to the maxium prosperity of commerce and finance;

3. That the government of the United States shall use its full power and influence toward the inducing of each and all of the United Nations to cease and desist from the infamous program and policy embodied in the plans and plots and proposals which at present are being put forward by international Jewry, as a preliminary to the final and culminating success of its eagerly pursued design for world-domination—the program and policy of sending demobilized German war prisoners and ex-soldiers away from Germany, where they would otherwise be able to protect their families from the industrial and sex slavery practiced against them in former years by this same international Jewry, and consigning these capable men to hopeless slavery for indefinite periods of separation from those wives, from whom, by express command of God Almighty himself, they may not rightfully "be put assunder".

The above three part program together with the instant supplying of food to Germany and without any further tolerance whatsoever of continued delay or other interference by Jewish chicanery with the purposes and interests of the United States, even though such interference be perpetrated in the name of Bernard M. Baruch, Herbert H. Lehman or any other mediocrity, built up and publicized, by the Jew-controlled press of our country as paragons of ability and virtue—May God forgive our stupidity in swallowing such traitorously subsidized Jewish propaganda.

Respectfully submitted,
KURT MERTIG, Chairman

Did England Go "Jewish" ?

N. Y. Jewish Papers Imply As Much, in Discussing Recent Election— "Tail Wags the Dog"

NEW YORK, (Special), July 30.—New York's four Yiddish language dailies—all red socialistic papers except "The Day"—played up the English election as a victory for "Judaism." And did they play it up!? "Forward" ("Vorwaertz"), the largest, put a gigantic red headline across the front.

The English language pinks and reds—"PM", the "Daily Worker", and "The Post"—are staffed by Jews, and showed similar rejoicing at the socialist victory, although their happiness was subdued at the thought that, with more than **12,760,700** Englishmen voting split votes **against socialism,** as compared with **11,962,678** solidly for the red tickets, it was a case of the **RED TAIL WAGGING THE BLUE DOG.**

Although the new Prime Minister, Clement Attlee, is thought to be of Gentile stock, he is proud to represent the **Stephney district** of London—**the most solid infestation of Jews outside of Palestine,** and the number of "Labor" Jews in Parliament has increased....Attlee is such a Bolshevik worshipper that, at the San Francisco conference, he addressed the Russians and every left-winger he met as "COMRADE."

"TWIN CAPITALS of THE JEWISH EMPIRE"

The growth of Jewish power in England recalls a statement made in our nation's capital during the court hearing of "sedition" motions in March, 1943. Getting a whiff of the atmosphere there, this brilliant young British barrister remarked, **"Washington and London are twin capitals of the Jewish Empire."** (He is probably groaning now, in England).

Some of the things which New York Jews expect to result from this red domination of the "House of Commons" are: (1) a weakening of English ties with America and a close alliance with Russia; (2) England's opening of Palestine's doors and the oppression of Palestinian Arabs who have lived there for 1300 years or longer; (3) a break and possible war with the Arab world, as a result of the Palestine action; (4) all Europe going red, crushed between the two red nations, England and Russia; (5) the English Socialists will incite rebellion in Spain; (6) the general decline of Christianity.

WHAT GENTILES SAY

Prominent New York Christian Gentiles look for England to pass rapidly under the heel of British Bolshevism, pointing out that the number of Reds who seized despotic power in Russia under Lenin and Trotsky, were less than ONE-FIFTH as numerous as the English "Reds" are today, and they ruled a Russian people four times larger in population than Britain!

They note the ecstatic war-cry and boast of Laski as to what he did and his fellow Reds are going to do to the world and western civilization with the new power they have achieved.

Once before a man of Jewish stock ruled England—Disraeli. But he was a Tory and a converted Episcopalian, married to a Christian. He was a very able & patriotic Britisher, who gave to Queen Victoria the title of "Empress of India". He was the antithesis of the Eastern "Commujudaism" that has suddenly assumed power in Great Britain.

ROSENMAN IN BERLIN

If Roosevelt were living, wouldn't he be happy to meet with Attlee and Stalin in Berlin? But F D R's ghost-writer since 1828, Samuel Rosenman, has been summoned to Berlin by President Truman, presumably to dish up the rhetoric for the President's address to the Senate when the "Big Three" talks are finished.

It is time for Christians to PRAY!

It has just been revealed that Eleanor Roosevelt also got some money from the Atlantic & Pacific Tea Company. The sum is undetermined. He son, Elliott, it will be remembered, borrowed $200 thousand of the President of the Company, John Hartford, and settled the debt for $4,000.

Could a German Girl Find Refuge in the U. S. A. ?

The Honorable Robert E. Wagner,
United States Senate,
Washington, D. C.
Your Excellency:

I am an American Citizen and have been living in the United States since 1936. I do not know whether any member of my family, which has never been very large, has survived the fury of War in Europe. However, I received a Red Cross letter from my niece in Bayreuth, a city in Bavaria, Germany, informing me that she was at that time (March 1945) still living there. Beyreuth is placed under the protectorate of the American army. However as armies are shifted frequently, and French or Russian forces may move in, I am extremely concerned about the possibiilty of rape or mutilation by either African or Siberian hordes, which might destroy my niece's body and mind.

I know that the United States gave refuge to many homeless Jews. Will you please let me know whether this country would give refuge to a young, decent white girl and thus protect her against the most hair raising crimes in history? I do not think that one race is better than another, but I think it is extremely dangerous to allow the white race to be destroyed in the terrible way that is now practiced in the occupied countries. The world is large enough to shelter and feed everybody. As far as my niece is concerned, I know that she has never committed a crime of any sort, in fact she is one of the most unselfish persons I know. Some people, of course, think that no punishment would be hard enough for the German people, and that the devastation of their homes and their country are not enough. However, why does everybody seem to forget how much the German people has given to the world at other times? I cannot see any justice in wiping out a whole nation just because one Administration erred, and if ONE PUNISHES ONE SHOULD ALSO REWARD!

From my school days on, I always heard that this country is so humane in the way it treats criminals. In fact, I know that every criminal is given a chance to make good—WHY NOT APPLY THIS PRINCIPLE TO NATIONS? AND TO THE GERMAN PEOPLE IN PARTICULAR? And I think that the German population in this country HAS PROVEN THAT IT IS NOT INFERIOR TO ANY OTHER RACIAL GROUP.

As adherents to the Christian doctrine, on which law and order of the western world is based, WE SHOULD NOT PERMIT OURSELVES TO IGNORE THE SCREAMS of HORROR AND DESPAIR which rise to Heaven day and night on the other Hemisphere.

Please consider my plea which is only the expression of a thousand others. I would like to rescue my niece and bring her safety. What can I do, while there may still be time?

Very respectfully yours,
FELICITAS von WEIRICH

Buy a Suit At Brooks Clothing Co.

It's 3 years since I bought a suit of clothes. It costs money. But when I walked down Broadway and saw the AFL pickets at the Brook's Clothing store, 416 Broadway, in San Diego, I walked into the store and asked Lester White, the manager, what the rukus was about. He replied that the AFL intends to force the company to sign a closed shop agreement. "Will you sign it?" was my question. "Certainly not, not if it takes 30 years of boycott. Our clerks are satisfied and refuse to join the union. We will not force them to join against their will. That's all there is to it", was White's answer.

"In that case, I guess, I have to buy me a suit now. I was wondering whether I could afford it, but under these conditions I cannot afford not to."

Of course, Brooks is a Jewish store and concern. So is the clothing industry as a whole. The principle involved is not whether one is to patronize a Jew but whether one can afford to stand by and permit some labor racketeers to force the clerks in Brooks' stores to join the union as a condition of being permitted to earn a living. Whether Jews, Chinese, Negroes, or Japs, the principle is the same. The first time I picketted pickets was at the Golden Lion Cafe. Louis Provost ran the place. Though THE BROOM is representing vegetarians, teetotal and the Cafe was selling meats and liquors, though the BROOM stands for a white America, that does not mean that we desert principle. At the Cafe the involved cooks were Chinese war veterans. We are pacifist. But we insisted on and upheld the right of the cooks and of Provost to make their own agreements, regardless of the pressure of labor racketeers.

Even though the B'nai B'rith of New York prevented the San Diego Jews from calling off the boycott against THE BROOM, when the local Jews realized the stupidity and un-American activity of organized Jewry, we still stand by American principles of fair play, even where a **Jewish concern is involved,** for the law applies to all alike, just as the sun shines on all, saints and sinners. So, go and do likewise, buy a suit at Brooks, it's the only way to effectively show our disapproval of the un-American labor dictatorship.

A Gestapo invention which completely shattered all attempts at privacy has been revealed by a German diplomat now interned in Stockholm. It consisted of playing-card-size metal plate tuned to a portable listening apparatus in a Gestapo man's pocket. The plate even picked up whispers and enabled agents standing as far away as five-eights of a mile to listen to conversations. The contraption was the undoing of many Germans including two Nazi diplomats who, following the July plot against Hitler's life, wanted to discuss what should be done next. They decided to talk in a moving automobile. The Gestapo, which was keeping a close watch on all Wilhelmstrasse men, smuggled one of the metal plates in a laundry package in the back seat and followed in another car. The two diplomats were arrested at the end of their ride and shot within 48 hours. It is believed that certain private snooping organizations, such as the Anti-Defamation League and the so-called Anti-Nazi League are now using this equipment.

U. S. TO INTERN FREED BUNDISTS

PHILADELPHHIA, Pa.,— Fifteen German-American bundists who have asked the United States District Court in Washington, D. C., to enjoin Atty. Gen. Clark from any proceedings to deport them will be held as internees until given hearings. This was announced by the United States immigration and naturalization service.

The men were freed by a Supreme court decision overruling their conviction on charges of conspiring to advise evasion and resistance to the draft act. They contend they are naturalized American citizens and their citizenship has been unlawfully revoked because of their connection with the bund.

Gen. Devers Denies Mass Senegalese Misconduct

WASHINGTON,—General Jacob L. Devers flatly denied that French Negro troops committed mass rape on German women when Stuttgart was captured.

General Devers denied that he had told Senator James Oliver Eastland, of Mississippi, that he "knew" of such an occurrence.

General Devers said that to the best of his knowledge there were no more than four Senegalese troops in Stuttgart at the time mentioned—in late April—but that the Third Division Infanterie Algerie (Moroccan) was there and that several thousand Arab Goums were in the French forces taking the town.

LOOTING

General Devers said that on April 21 and April 22, there was looting and perhaps instances of rape, but expressed a belief that 50,000 French refugees and slave laborers among the 250,000 French civilians released from German control by the capture of Stuttgart, were "more probably" responsible for the chaotic condition than the French African troops were.

DEVERS ACCEPTS RESPONSIBILITY FOR RAPINGS

General Devers said that French military controls tried 12 French soldiers on charges of rape, found them guilty and executed them before a firing squad. Finally General Devers declared:

"If there was a command fault that fault and responsibility is mine. I was in command of the Sixth U. S. Army Group, consisting of the Seventh American Army under General Patch and the First French Army under General Guillaume.

MOUNTAIN MEN

" As to conduct of the French troops in battle I want to say here and now that I know of no finer fighting men than the Goums and the Moroccans. If I again faced the problems of fighting Germany's crack troops, in a hilly country I'd say 'give me more Goums.' They come from the Atlas Mountains and there are no better mountain troops.

"My first information of the bad conditions in Stuttgart came to me at my headquarters in Heidelberg, Germany, from a newspaper man who had spent 14 or 15 years in Stuttgart.

"This newspaper man told me he had talked to Germans who knew him, in the period from April 21 to April 24 and that, in his opinion there were '50,000 cases of rape by French colored troops.'

"I entered Stuttgart the morning of April 26. Our 100th American Infantry Division had moved into the town by then and the chaotic situation of the first two days had been eliminiated

Editor's Note: Is Jacob L. Devers a Jew? When Jesus was maltreated and finally crucified the Sanhedrin, like Devers, accepted responsibility upon their heads and their children. The curse is still working havoc.

Reds Expecting Soviet America Within 5 Years

HAIL STALIN'S FORECAST OF ECONOMIC CRISIS

NEW YORK,—Predictions of a social upheaval which may produce a Soviet America within five years were reportedly voiced at the opening of a secret convention of American communist leaders.

Jubilantly hailing Dictator Stalin's forecast of an "economic crisis" in the United States in the postwar period, the 92 delegates discussed plans to stimulate class struggles between capital and labor with a view to discrediting the American system of government.

Stalin's views were publicized by William Z. Foster, new leader of the party, who called upon the comrades to aid the "toiling masses" to overthrow "the American ruling class."

Militarism a 'Christian' Institution

CHRIST, Harmless Pacifist-Vegetarian or Carnivorous Beast of Prey ?

MRS. DILLING CALLS QUAKERS 'SERVANTS OF SATANIC COMMUNISM'

PATRIOTIC RESEARCH BUREAU
For the Defense of Christianity and Americanism
DIRECTOR, ELIZABETH DILLING
Suite 758 -S. Dearborn St., Chicago.

Dear Mr. de Aryan:

I am sorry to read how "mad" my quoting a mother's prayer for her son made you. The gist of your anger, I take it, is that your son is a conscientious objector, mine is not. You are a pacifist. I am not. Christ admonished His disciples to sell a cloak and buy a sword for self-defense. You are a vegetarian. Christ and His disciples ate meat. The life of the eternal spirit and the relative unimportance of material bodies was His teaching. But you have the only "scientific" religion and people like me who get along by the Bible are "religious imbeciles." You thank God for the Quakers and I could write an entire book with documentary proof that there are no more pliant servants of Satanic Communism on earth that the Quakers who collaborate, finance Institutes of International Relations all over the country featuring Communist Manifesto in their Phil. library, etc. Mrs. F. D. R. knew what she was doing when she gave them huge sums of money.

The Communists and Socialists have used as a principal weapon to break down non-Marxist governments the refusal to serve in their armed forces. They will use the same tactics again. If everyone refused to render unto Caesar, the government, service, there would be anarchy and a take-over by the strongest brute element. I am not saying that I criticize anyone refusing to serve in this war. At the same time knowing the racket the Reds make of conscientious objecting I do not blame my son for not caring to be associated with them. To "fight the good fight" is my creed. The true pacifist invites Satan to walk in and sit down. That is how they took over the Quakers. Of course you may be the only one who is right with your "scientific" religion; your chats with "Gladys" may snuff the New Testament out with their "immortality", but there is one thing that I will stack up with the de Aryan father an son attributes and that is the moral courage and idealism of the Dilling mother and son. Any inference that my son is in the Army through moral cowardice is resented. That your anger made you descend to the Winchell level of calling me "Liz" would indicate that your "scientific" religion of "love" needs a little greasing. I would never have seen fit to let my personal ire at a prayer cause me to razz on my front page one who has been jointly persecuted in the cause of freedom, not only to differ in opinions with the New Deal but also with fellow Americans.

Millions of mothers will go on praying for their sons as admonished by the Saviour, despite your instructions to "Gladys". The bulk of mothers all over the world ARE helpless in the face of their government's drafting their sons. I would suggest that the next time you get really "mad" that you vent this anger on something worse than a mother's prayer—of course your raving little egoistic Atheist friend whom I fortunately missed when he came into my office, (Frank C. Hughes) detests even faith of any sort or the thought of any existence of God and boasts that his choicest avocation is teaching Atheism to children. As I say, it would be better to pick on something worse than a tender prayer for a loved one. I may add that the work my son is doing inside the Army may be of lasting benefit to the entire Nation. I am not angering you this month with my bulletin for it also has two beautiful prayers in it which might cause you to be even angrier and that would be bad for your "scientific" religion of "love".

Sincerely,
ELIZABETH DILLING

One of the many "religious imbeciles" who prefer the Bible.

'Sedition' Trials May Be Stopped Due to Bund Conviction Reverse

WASHINGTON, D. C.,—Trials of the remaining ten of the original 26 mass sedition trial defendants, might have to be abondoned by the Department of Justice because of the Supreme Court's reversal of the conviction of 24 members of the German-American Bund may have invalidated much of the government's evidence in the sedition case, it is reported here. The question of whether the Supreme Court reversal invalidates the government's evidence has been put up to the new attorney general, Tom Clarke.

The Supreme Court holds that Bund Command 37, calling on Bundists to refuse military duty, is insufficient evidence that the Bund compelled the members to evade the draft. Chief Federal Prosecutor O. John Rogge relied on Bund Command 37 as a parallel to prove that the sedition trial defendants sought to provoke disloyalty among the members of the armed forces.

The mass sedition trial, which ended in a mistrial last December with the death of Federal Judge Edward Eicher, was expected to be renewed with only ten defendants.

America In Danger !

Christ or Chaos !

By Charles Bartlett Hudson, 4515 Grant St., Omaha 3, Nebraska

W. B. Tuttle, Moundsville, W. Va., sums up so well about as I understand, that I quote: "In Jan. 1932, the London International Bankers arranged with Dr. Schacht, President of the German Reichsbank and Mr. Thyssen, a German industrial baron, to finance Hitler into power, Russia was making inroads with Communism through Europe and as Communism interferes with the International plans the big bankers wanted Hitler to destroy Russia.

"But there was one part of the plan which he big bankers concealed from Hitler and the German Industrialists and that was: that after a long, destructive war between Germany and Russia, both countries would be so exhausted that England and France would find it easy to quickly suppress what was left of Germany and Russia and then could recover their European markets, restore their balance of power and remove any future threat of Russian influence in Persia, Turkey or India.

"Six years later in 1938, after Germany had built up a large and modern navy, a mechanized army and a large air-force, and had taken Austria and Czecho-Slovakia; Prime Minister, Chamberlain met Mr. Hitler in the now famous conference at Godesburg. At this conference Mr. Chamberlain plaintively reminded Mr. Hitler that he had been given the money (international banker money) to re-arm Germany, upon Mr. Hitler's definite promise that he would then attack Russia. Mr. Hitler replied evasively that he still needed more time for preparation; and that being the best answer Mr. Chamberlain could get, he made his sorrowful return to London. But at this conference Mr. Hitler had outsmarted Mr. Chamberlain, for the Prime Minister's words had all been taken down on a dictograph record and the record put aside for future use.

"Some months later when it was clear that Hitler was double-crossing the international bankers who had financed him and was not going to attack Russia; English agents went to Moscow and for two months TRIED TO PERSUADE STALIN TO START A WAR AGAINST GERMANY. For that matter what did the International Bankers care whether Stalin or Hitler started the war, so long as they were at war.

"At the last moment when it seemed Stalin MIGHT sign up with Britain and France, Von Ribbentrop took his dictograph record and played it for Stalin—the record in which Mr. Chamberlain had been re-armed for an attack on Russia. Von Ribbentrop then said to Stalin, 'Do you now see the plot whereby Russia and Germany were to destroy each other so that the International Bankers thru the armies of England and France could restore their balance of power in Europe? Stalin DID see; and startled the world by announcing an alliance with Germany.

"After Russia and Germany finally did get into war, it was Mr. Churchill who said: 'He hoped that Germany and Russia would annihilate each other. '

"The above are a series of historical events which were the direct cause of World War II. When Hitler and Stalin 'shook hands', Great Britain and France made war on Germany. When it got too hot for the English, they 'Beat a glorious retreat', leaving France and the other countries of Europe to be destroyed by the German war machine Britain herself helped to build up. Then Uncle Sam 'horned into the war' to save civilization and incidentally the British Empire. It is a sad but true fact Great Britain mixed up in all of America's wars. The Revolutionary War and War of 1812 were fought against Britain. Britain furnished the war material for the South to fight the North in the Civil War. She profited from our wars with Mexico, and exploits the uncivilized natives of the islands we took from Spain in the Spanish-American War. She got all the countries we took over in the two World Wars, except those that are being seized by Russia. The only thing we got out of our Imperial Wars was great losses of money and men as is shown below: World War I: 41 billion, 765 million dollars. Loss of lives 250,000.

"World War II: 274 billion dollars and over one million lives. By the time the Japs are licked, we will have lost over one million 500 thousand. Let's be smart and dodge World War III. Save our boys and money to make our nation the best country on earth." (CBH—Mr. Tuttle evidently means "casualties" instead of "lives").

Now is appreciated why all the "heat" was poured on Chas. Lindbergh when he warned about Hitler's air-force and war-machine. Why **Senator Nye,** whose committee had unearthed America's part in building Hitler's war-machine, had to be defeated in 1944 election.

BALKS AT HIRING NEW SCHOOLS HEAD

EAST CHICAGO, Ind.,— Michael Havran, Republican member of the school board refused Tuesday to join his two Democratic colleagues in signing a contract with the new school superintendent. Havran maintained his position that the board last Februrary promised Supt. A. C. Senour a renewed contract.

Senour was deposed at a special meeting Monday. The meeting was called on short notice by Board President, John Dreesen, whose term expires July 31. George Grimmer, the other Democrat, concurred in Dreesen's action. Forty representatives of the East Chicago Civic league and several women's clubs attended the meeting and protested the action on Senour.

Dreesen and Grimmer charged Senour caused "unrest" in the school system. His supporters attributed his disfavor to his championing of Miss Nellie I. Mills, teacher, dismissed by the board on charges that she refused an order to conduct memorial services for the late President Roosevelt in her class room. The new superintendent is Charles Barrett, former superintendent at Summit.

Elliott Again. Drew Pearson, Washington gossip columist, disclosed this week that "Congressmen who have sat in the closed-door sessions of the testimony regarding Eliot Roosevelt now have counted up a total of approximately $850,000 which he borrowed over a period of about 8 years. Most of this he did not pay back." Pearson also intimated that the second son of the late President was indebted to Jesse Jones, and hence the latter's longevity in the Roosevelt Administration. — The Progressive.

'Christ' Ate No Bloody Carcass-Meat

JEWISH BOOK OF RULES

Mrs. Elizabeth Dilling makes the usual ignorant claim that "Christ and His disciples ate meat". As rottenly edited as the Four Gospels are even they do not report such an absurd occurrence. As far as the disciples go, certainly the poor ignorant fellows ate anything set before them, at least some of them. But where Jesus is concerned the matter is different. None of the great souls who ever attained the rank of "Prince of Peace" ate meat, it's an impossibility. There is no PEACE in murder and bloody slaughter, in betrayal of the faith which entrusted the animals to our care.

As far as the disciples are concerned the poor fellows never understood the Christ or the teachings of the Christ, no more than Mrs. Dilling does. Even the mother of Jesus imagined that the "Kingdom" was somethisg by which her son would rule like a king of this world and the disciples sent their mothers to Jesus to "lay in a good word" for a soft snap-job in the coming "government". They were politicians pure and simple. And the whole Church is a political monstrosity tainted with religious varnish. To render unto Caesar our souls is to deny them to the service of the Christ. Caesar can take our possessions by force, but not our conscience. When one surrenders his conscience to murderous Caesar he has already surrendered to the Devil.

The whole Bible, old and new testament, are a Jewish compendium of rules written to profit the Jews. They start out with general fundamental principle like the ONENESS of God and fundamental ideals of Individual rights before God and wind up by perverting these fundamentals to get special privileges for the Jews to make them supreme rulers over all nations as a chosen people of the Jew-god. Mrs. Dilling has spent a life time exposing the crooked operations of the Jewish Octopus, but she is offended when we expose the **heart of the Jewish Octopus,** the Jewish Bible, which when followed as a book of rules **inevitably winds up in placing the Jews above us.** It's playing the game in life with a marked deck, marked in favor of the Jews. If Mrs. Dilling is offended that we expose this imbecility why is she "showing up the Jews" as she has done for a life time, but **insists on playing with their marked deck of cards,** in the superstition that "God marked the cards"? It is high time that the world awakened to the fact that BEING suckers is worse than being called imbeciles.

God is the LIVING God. He never wrote a Bible. It was all written by cunning rabbis to keep the superstitious Jews under their thumb and yoke. It was cunningly foisted upon superstitious Gentiles and by its means the Jews succeeded to get the upper hand whereever people were stupid enough to play the game of life "according to Jewish Book of rules".

Frank C. Hughes, while an Atheist, is a marvelous gadfly. He has a superb sense of humor and exposes the Bible-imbeciles in marvelous comparisons, paralleling existing results with the ridiculous preposterous claims of the religious imbeciles. Thus we enjoy the company of this publican and give him space to give us all a good laugh. He is realistic.

Mrs. Dillling might be such a superior person who would no longer exchange with a heretic, like THE BROOM, but we love her still and can take it even when she seems to be only able to dish it out.

A QUESTION OF LIFE AND DEATH

After sleeping over "Liz" Dilling's letter, which by the way robbed me of the first night's sleep, I realize that Mrs. Dilling has very much to learn yet, as well as the mass of humanity, then they would not be "helpless in the face of their government's drafting their sons." When a question of Life and Death comes up, of obedience to the Prince of Peace and to God's command —"Thou Shalt Not Kill!"—we certainly will not mince words in dealing with the subjects of Mammon and Satan. "He who is not with me, is against me".

I was not "mad" because an ignorant mother prays to God to protect her son, but help him kill the other mother's son, to the point of committing a personal spite action against a fellow victim of Jewish persecution.

I was mad because a woman of supposed intelligence does not realize that she who helps to kill others has forfeited the **RIGHT** to appear before the Almighty and ask for a special dispensation that she and hers may contribute to killing but be exempt from the harvest of their actions. Such unbounded idiocy is exasperating. In the U. S.. A, these mothers are the government, this is a Republic and they draft their sons for war, it is not an alien government that renders them helpless so that they must ask God to overlook the fact that their sons are out to kill other mother's sons and for Him to protect their innocent helpless darlings who apply the fire torch to burn Japs alive and burn men, women and children alive in fire-bombing the destroyed cities and shelters.

We cannot pride ourselves on being a nation which governs itself, where everybody has an equal vote in the destiny and fate of all our people and ignore our duty to be well informed so as to properly direct the destinies of our children, and then claim that we are helpless in the face of our "governments' drafting" our sons for slaughter. The responsibility is ours, not God's and to enter court with dirty hands is of no avail.

Mrs. Dilling loves pomp and grandeur. She hates cheapness. While Lipshitz uses the term "Liz" derisively we used it affectionately.

Man's Greatest Shame

When I lie down to rest at night,
I pray to God in all His might
To give me health and strength to fight
Man's greatest shame.

For strapped upon a bench I see
A poor stray dog about to be
Cut up alive; that is to me
Man's greatest shame.

Before his torturer he lies
Pleading for mercy with his eys
What human heart will not despise
Man's greatest shame.

But mercy is to him unknown
The vivisector's heart is stone,
And in his sin he stands alone
Man's greatest shame.

When his black deed is done you'll find
His claims to benefit mankind
Are false, and can be defined
Man's greatest shame.

Then let him suffer dread and fear,
When his last day is drawing near;
Before his Maker to appear
Man's greatest shame.

And let us fight for our dumb friends,
Using the power and strength God sends;
Praying the day may dawn that ends
Man's greatest shame.

No Soya-'Nuts' in Botany

U. S. DEPARTMENT OF AGRICULTURE
Plant Industry Station, Beltsville, Md.

Dear Mr. de Aryan:

Replying to your recent request concerning the "Rokusan nut" bean, will say that to my knowledge no such bean is grown in Manchuria. In fact, I do not know of any variety of soybean in the Orient to which is attached the name **nut** or is classified the **nut bean.** I spent a little over two years in the Orient collecting varieties of soybeans and the only country producing soybeans of the vegetable type is Japan. In Manchuria the varieties of soybeans generally grown are of the grain type, used largely for processing for oil and oil meal, although considerable quantities of these grain varieties are used for making various oriental foods.

Very truly yours,
W. J. MORSE, Principal Agronomist

Dear Mr. Morse:

Thanks for your reply on the soy-"nut" variety.

Now for your information I am enclosing two original paperbags marked in red pencil by Mr. Wm. Daglish personally, containing samples of what he calls the "Commercial non-Edible Common USA Bean Type Soya" which he claims is being used by "Loma Linda" and is alleged by him to contain 35% Starch, 7% Oil (varnish), 17% Protein—bad flavor; and in contrast his samples of **SOYA NUTS, not a bean:** 43 and 3/10% Protein high in medicinal value to glands; edible, rich oily nut variety of **Chinese Rokusan Soyas,** non-starch, 3 and 3/10% oil.

It appears to me, from your statement that in Botany there is not a known classification of a Soya-nut, that the Daglish people merely apply that term to denote a difference from the alleged inedible soya-beans which commercial health-food manufacturers use and which very likely are harmful to the human organism. Evidently the "nut" name is merely a trade name to specify the Daglish product which according to his claims is edible and healthful.

My own experience with the Loma Linda product leads me to believe that there is much to think about.

What interests me at present is: Are the alleged nuts a genuine Chinese product, not grown in the USA and if so, where can one procure them aside from the Daglish who refuse to sell us their products because we won't cater to his religious notions.

Thanking you for all your trouble in this matter, I am,

Sincerely, C. LEON de ARYAN

Don't Give Unto Caesar the Things of God

Dear Kosti:

Gerald did a wonderful job. He got the rats all out of their holes and did what he set out to do in spite of them. Couldn't you be just a bit more kind and gentle in your criticism of him? After all he is doing all he yet knows how to do on our side. The other gang give him about all the blistering he needs to keep him humble. I just wondered if your own good would not be furthered if your criticisms were tempered by loving kindness and the more purely Christian ideals. If we are kind enough don't you think we can gradually educate those like Smith so that they will be more all around Christian? Angering them, it would seem to me, alienates them rather than wins. Your idea is right, yes, but your presentation? We all have a common cause to fight for. Should we let the "enemy" have the idea that we are not pulling together? It is up to ourselves to purify our people **within** our own group, but hardly the thing to give the other side ammunition to use on us, and then, too, those like S. who are doing such hard work need support from our folks, sympathy, but also some good sane advise—to themselves. Good intentions do amount to something even though they may be somewhat ill advised. Kosti, dear, I love the work you are doing and this is written because I know your readers, many of them, think that your are too self-opinionated and hard. None of us is perfect, yet, and none of us can cover all that there is to be said on all subjects.

Love, — — H.

Matthew 16:23; Mark 8:33; Luke 4:8

Dear H.

Concerning my disapproval of Gerald L. K. Smith's rabble rousing and perversion of Christian principles of living in dangerous times.

I have fully conceded the fact that Smith has been persecuted by the Jews and Communists and have featured that side of it on the front page very distinctly. I have warned the Jews that it will rebound on them because they are tearing to shreds the Bill of Rights which protects them. That's why they are the **original anti-Semites** and none is a better anti-Semite in action than a kike. I made all this exceedingly plain.

But with your attitude towards "a common cause" I take positive exception and as for many of my readers who think me self-opinionated and hard, I cannot accept their ignorance as my light in life.

The cause I am working for is: "Seek ye first the Kingdom of Heaven and its Righteousness and ALL these things will be added". This is the Only Cause I know. If you expect me to compromise THIS cause, as Churchill and the USA has compromised the cause of LIBERTY by allying their military activities with Stalin, so that the remedy is worse than the disease which they set out to eliminate "everywhere in the world", don't take me for a fool, even if you prefer being one, to please many of my readers. I am not here to cater to ignorant readers, I am about my Father's business.

Anytime Smith, Dilling and others have the gall to say that Christ is a killer and that we must kill off the Japs first to bring down His kingdom on earth, that we must give the things of God to Caesar and you defend them, then You are worshiping Beelzebub in place of Christ. The white or Aryan race is at the present criminal level of brutal murderers of innocent men, women and children, on all battle fronts, because the Jewish Bible, old and new testament, has perverted the Word of God and confused the sense of RIGHT in the hearts of the idolators of this criminal pornographic book, which is interspersed with ideals as a come-on bait for the suckers.

When people will LOVE the truth more than they worship the Bible the world will know the truth that shall make us free. Hence I am doing Smith and Dilling a kindness by exposing their perversion of the Christ teachings.

With love,— — KOSTI

I want to thank you for publishing my first letter. This is a momentous time, probably the most momentous, in history and evolution. It is good to let our enemies know that more and more of us are proud to express our opinions of what we think of them and sign our names. We are going to have POWER IN NUMBERS. Gentiles ARE united... in MIND, if NOT vociferously. I have had an experience of how this works in our favor which I will tell to you later. Since certain groups are trying to destroy the pride of the Gentiles, and in the end the entire WHITE RACE, this is really the TIME FOR GREATNESS. The White Men either take the lead in this distraught world, as Destiny has planned, or else the humans will become all-colored, and having no beautiful women to idolize....will go down and down. ...and DISAPPEAR from the world as a failure experiment of Nature.

My Dear and Good Friend, Kosti:

I congratulate you upon having successfully negotiated 59 years of interesting and useful existence upon the planet earth. Scientists say we should consider ourselves YOUNG up to 60, MIDDLE-AGED from 60 to 90, and old ONLY AFTER 90.

So—in your mature YOUTH, you are one man in a million: one of nature's noblemen, with a heart as big as all outdoors, but strangely misunderstood by the "Chosen People".

I do hope, Kosti, you will continue to think of yourself as YOUNG; if you let the psychology of "getting old" seize you, it will have an effect upon you physically....I want you to stay young in body and spirit...It made me feel strange to think of you as entering your sixtieth year—you always write a young and vigorous pen; one would not think now of you as being more than 30, except for the fact that you often refer to something that happened farther back than thirty years.

God bless you and yours! I hope you have a wonderful, refreshing and rejuvenating vacation. Always your friend, — — H.

No English Landslide for Socialism—Won Parliament But Lacked Popular Majority—British Election System Needs Revision

By WASHINGTON ADAMS

WASHINGTON, (Special), July 29.—England's Socialist-Labor Party won the Parliamentary election for members, as I predicted in this column before the votes were counted, but it was far from the "landslide" which many papers proclaimed in their headlines.

How can it be said that the "British people" swung to the left, when over ONE MILLION MORE OF THEM VOTED "RIGHT" THAN VOTED FOR THE LEFTISTS ?

The totals were 12,760,770 for the Conservative, Liberal and National "rightist" parties, against 11,962,678 for the Socialist-Labor party.

Conservative candidates received a total of 9,018,235, Liberal polled 2,280,135, National 768,-341, National 147,997 and Independent 542,862.

If the "rightist" parties had united on a single candidate in each district, their victory over the Socialist Laborites would have been impressive.

But it was like the Taft-Roosevelt split here in 1912. Wilson was a minority winner; so is Attlee.

In many English districts the vote ran something like this: Labor 90,000, Conservative 85,-000, Liberal and National 60,000. The Labor candidate won, because the opposition was split.

The House of Lords has the power of veto for two years against any legislation the House of Commons passes; so it is likely that the socialization of mines, transportation and banking will be prevented.

There should be a second election in each district where a man failed to receive a majority of the votes. The two highest candidates should be in the run-off. This plan should be used in all elections for representatives all over the world.

ODD SYSTEM OF SELECTION

Britain's method of selecting its chief executive ("Prime Minister") seems strange and "undemocratic" to an American's eyes.

I strongly approve the election of a President or Prime Minister by the Congress or Parliament.

In England, the new Parliament will have doubled its Labor membership. The Labor leader in the old Parliament was Clement Attlee. Who knows but what the NEW MEMBERS might want a new "leader" when the new Parliament convenes?

The king always "appoints" the "first minister". In this instance, Churchill hands in his resignation and suggests that the king appoint the leader of the winning party. Then the king calls in Mr. Attlee, the Labor leader of the OLD PARLIAMENT, and offers him the appointmment. He accepts.

Why should not Britain—always a stickler for form—wait until the NEW Parliament meets and elects Attlee, then have the king appoint him?

CHURCHILL'S MISTAKE

Reports from England via radio point out that many soldiers voted "Labor," because they were sore at the much poorer pay they received as compared with the American GI's emoluments.

Poor Churchill was on the spot. His country was receiving enormous "lend-lease" support from the U. S., and he dared not tell his soldiers that the American "New Deal" was a demagogic outfit, leading their country to bankruptcy and ruin; that they had purposedly DOUBLED the soldiers' pay in the expectation that they would get the GI vote, which, on the whole they did; and that the pay the American soldier receives is an "IOU" bond-debt inflation money, which will most likely backfire to America's ruin.

Washington is hearing a new crop of rumors that the Japanese have made peace overtures. The State Department denied last week that any such approach had been made, while some Senators, including Senators Capehart and White, maintained that they have it on good authority that the Japs are willing to "talk peace." Besides the Senators, there are at least two cabinet members who say they know of peace feelers.

Russia is preparing to take over Turkey thru puppet rulers. Our recognition, along with Britain of Poland's puppet rulers (dominated by Stalin), is a confession of diplomatic and miltary defeat. The expression in Washington is current: "We won the war against Hitler and lost it to Stalin."

Tuaregs Raped German Women in Small Cities and Villages Besides the 5000 in Stuttgart

STUTTGART, Germany,—German accounts of raping horrors at the hands of French Moroccan troops agree that it was worst during the first three days of occupation— that is, from April 21 to 24.

The first 24 hours the Moroccans were in town was a night of sexual terrorization for Stuttgart women.

The rape story was supposed to have been given to Sen. Eastland at a cocktail party in Paris merely as gossip and not in a form which even pretended to be accurate or official. When Eastland later asked several generals about the story, they told him there was of course much rape in the French occupation area.

According to figures released by Herr Weber, chief of Stuttgart's police, 1,198 women were raped and **eight men also were violated** by the French troops, mostly Moroccans, during the French occupation.

The rapings took place after curfew when all Germans were in their homes and none allowed in the streets. Then groups of three or four Moroccans entered the houses, locked the men folk they found in the cellars, and attacked the women after meancing them with weapons.

The police report asserts that in many instances mothers and daughters were raped together and often by several men. Sometimes children were also in the room. The police say that four women committed suicide.

The first case listed in the police report is that of a 21-year-old girl shop employe whose home was broken into after curfew on the night of April 21. She claimed to have been raped first by two Moroccans, later by seven others, and finally by four more.

It is a thoroly established fact that hundreds of women were treated in hospitals here and by private physicians. There probably were numerous cases where women and girl victims did not report or seek medical attention because of shame.

Dr. Sieveke, Stuttgart surgeon of Carl Olga hospital, told that he had treated 30 women who had been raped. He described them as having wounds and bruises on their heads and limbs.

Dr. Sieveke, from his contacts with other hospitals and with colleagues, estimated that there had been perhaps 4,000 rape cases during the French occupation.

It is also an undisputed fact that Bishop Theophile Wurms of the Wuerttemberg diocese of the German Evangelical church & Dr. Karl Hartenstein, prelate of the Evangelical church in Stuttgart, made three strenous protests to Gen. Schwartz, French commanding general in Stuttgart.

Burgomaster Klett and Catholic religious authorities also complained and Gen. Schwartz promised he would do all in his power to curb the Moroccan troops.

PUTS FIGURE AT 5,000

Dr. Hartenstein estimated the rape cases at 5,000, and said that in the town of Vaihingen, near here, with a population of 12,000, there were 500 reported cases of rape.

Hartenstein said two teachers, who live near his house at 29 Gins Heide strasse and are between 50 and 60, were raped by the Moroccans and that four daughters of the local leader of the German equivalent of the Salvation Army also had been attacked.

Hartenstein also complained of the French practice of setting up brothels for troops. He said girls were induced to enter them on promises of food and luxuries and that there were between 15 and 20 such houses in Stuttgart during the French occupation, licensed and unlicensed.

Frau Schumacher, secretary of the police women's section, has submitted a report on 31 flagrant cases of rape with the names and addresses. She said that on the night the French evacuated the city **a child of 9 was raped and killed,** her mother also raped and shot, and her father killed by Moroccans. Police have photographs supporting her story.

Female Army Detectives to Snoop in Germany

CAMP SHANKS, N. Y.—Eighty-four women civilians, from single girls to grandmothers beyond 60, whose duties and destiny have been a two-week mystery to Wacs, G. I.s and camp authorities alike, blossomed forth in a brand-new uniform and officials said they will "engage in a phase of intelligence work" in the American zone of occupation in Germany.

The first women civilians ever to be staged at Camp Shanks, they come from different parts of the United States. More than half of them were natives of foreign countries.

ASSIGNMENT UNKNOWN

The women are civilian employes of the war department, and while not in the army will have the assimilated rank of commissioned officers. No one at the camp could say he knew the exact nature of their work.

They have been issued foot lockers and duffle bags and when they embark within a few days will wear on their uniforms a pistol belt with no pistol but a water canteen and first aid kit instead. The women said they were prepared to be gone "a couple of years."

The relatives of some were persecuted or killed in Germany while others were forced out of Germany or German-occupied areas.

OUTFIT NAMELESS

The outfit is nameless but its uniform is called by the personnel at Camp Shanks "the nattiest in the service." It consists of an olive drab green jacket with hunter green epaulets and hunter green cuff stripes with a gold U. S. insignia on each lapel. The left armpitch is a square of khaki with a blue triangle centered with a white U. S. The skirt is a shade darker than the jacket and the overseas officer's cap has a crown of hunter green.

Among those in the outfit is Miss Anna Duncan, of Hollywood, Calif., daughter of the late famed dancer Isadora Duncan.

Debates in the F. E. P. C. in Washington are doing more to stimulate race consciousness and race hatred than any recent event. Students of mass psychology insist that the determination on the part of certain Jewish and Negro leaders to press for this legislation has constituted a terrific set-back in cordial race relations. The average American is determined to employ workers according to their likes and dislikes. An attempt to force the employment of Jews and Negroes by law is creating terrific repercussions. Wise Negro and Jewish leaders know this.

Robert Noble Writes A Letter

(Continued from last week)

Ellis O. Jones, formerly editor of Life magazine, and distinguished journalist was brought here from the Lewisburg Federal Pen. at Lewisburg, Penn., along with Robert Noble, where they had both been held for nine and a half months. And not only was their removal from Lewisburg illegal, in January of 1944, but they had been in the spring of 1943 kidnapped from the D. C. Jail early one morning and taken to Lewisburg in shackles and handcuffs without any legal papers of any kind. When they reached the Penitentiary at Lewisburg they were refused admittance until telephone calls were made to Washington and the matter was somehow arranged. They were kept incommunicado for a number of weeks, and not allowed even a piece of paper to write on, after the officials of the prison had told them they were being held without any commitment papers of any kind. They were not allowed to correspond with their attorneys, and in fact had been kidnapped from the D. C. Jail because they were about to start legal proceedings to determine their legal status. It now appears without question that they were brought all the way acrosss the country from Los Angeles with a so-called "Presidential Writ" issued by the District of Columbia Courts, that had no validity outside the District of Columbia.

All of these men have been in the D. C. Jail for about a year and a half (Pelley for over two and a half years) in this illegal status. The discovery was made by Attorney James J. Laughlin and William J. Powers, prominent lawyer of Chicago, retained by Mr. Pelley. The matter will now be determined in court and its importance can be seen in the actual presence in court Monday of O. John Rogge, himself. On Friday, June 30th, the D. C. Jail was notified by the Dept. of Justice to have Noble ready for immediate departure. Mr. Laughlin learned of this and got a court order holding him here until Monday July 2nd. It appeared that the old Biddle crowd was trying to get Noble out of town before the new Attorney General, Tom Clark, came into office. This because Noble is represented by the fearless Attorney Laughlin, who also represents Ellis O. Jones but Jones could not be moved at this time because of matters pending in the Court of Appeals.

It appeared on Monday morning that the Judge had prejudiced the matter, Justice Morris, who has a good reputation, but who appeared to be in this instance under the sway of the Dept. of Justice and the Bureau of Prisons. After he refused to have Noble held here any longer under the legal action Mr. Laughlin has been pursuing in the Supreme Court. Mr. Laughlin handed the Judge another petition for a writ of habeas corpus all made out in due legal form, but Judge Morris refused to accept it, saying that it wold have to be presented to Justice O'Donoughue who is at this time sitting in motions court. Mr. Laughlin said he would gladly do that but asked Justice Morris to see that the status of Noble was unchanged in the meantime. This Morris refused to saying he was washing his hands of the entire matter.

Noble was taken back to the so-called bull-pen which is really nothing but a latrine. At that time he was in imminent danger of being whisked away but fortunately Mr. Laughlin was able to get hold of Justice O'Donoughue immediately who at once signed the petition for a writ, setting a hearing for the next Monday. This was all that was necessary to hold Noble here, providing the U. S. Marshal knew of it. Mr. Laughlin dashed over to the Marshal's office and notified him of this action—and who do you think he found in the Marshal's office—Long-legged O. John Rogge, arranging to have Noble immediately removed to the Lewisburg Penitenitary. Mr. Laughlin's quick action thwarted that move. Now the entire matter will be thrashed out in court. It should be very interesting to show that Noble (and all the others) has all the while been held here illegally —and what's todo about it? Since he was brought here illegally what kind of an instrument will be necessary to take him away? We maintain that the courts will have to release him, since the Bureau of Prisons and the Dept. of Justice by their illegal actions in complete defiance of the orderly process of law have lost jurisdiction over him and cannot now regain it. Actually the Supt. of the D. C. Jail has no right to hold him at all.

And bear in mind that the U. S. Marshal is responsible (under his bond) for the illegal transportation of Noble and Jones: from Los Angeles to Washington, from Washington to Lewisburg, and from Lewisburg to Washington. Well, well, that ought to make some nice suits, to say nothing of the part played by the Dept. of Justice and the Bureau of Prisons. Maybe we can get some half way settlement for the terrific circumstances we have been forced to go thru the past three years.

Of course according to (Lipshitz) Winchell and Drew (the lyer) Pearson these so-called sedition defendants are worse than worthless individuals who should be liquidated in the good old Russian way. But somehow they seem to have shown their slight worth even in prison. Kunze has charge of the issuing of clothing and linen. The Captain of the Guard says that is the first time they have had anyone who could be depended upon, and that Kunze (everyone is called by his last name in prison—no Mister stuff—however the General Supt. Gill never hesitates to call these boys Mister; he is the only one who does) has kept all records straight and the clothing in perfect order.

In fact, Kunze is so prized in his position that when the librarian job became open a few months ago and Kunze said he would like to change to that, the management was in a quandary. They could hardly refuse Kunze because of the fine record he had made but at the same time were at a loss to find someone to satisfactorily fill Kunze's job. Finally they compromised by giving him both jobs and furnishing him with an assistant to help in the clothing room. (To be continued)

The publicity departments of the government spent $300 million per year on propaganda designed to popularize the bureaucrats. This is more than the total cost of running the entire government in 1889.

"Is there anything you fancy to eat before the execution?" asked the warden.
